STOCKLAND CELEBRATES \$2 MILLION MILESTONE FOR CARE GRANTS PROGRAM

Stockland's CARE Grants program, now in its eighth year, has today celebrated a key milestone with over \$2 million donated to more than 2,000 local community groups nationally.

Stockland has also announced the recipients of its 2021 CARE Grants, awarding \$285,000 in grants to 285 local groups, clubs and programs across Australia who support health, wellbeing, community connection, education or local environmental initiatives.

Amy Hogan, National Manager of Group Sustainability at Stockland, said: "We're proud to once again help so many community groups across the country, and to celebrate such a significant milestone for the CARE Grants program, having donated over \$2 million since it first launched in 2014.

"Our vision is to be a leading Australian property company that also strongly prioritises investing in our communities.

"The CARE Grants program underwrites this vision by recognising the contributions that these hundreds of recipients make to their communities every single day, and supporting our purpose in creating 'a better way to live'.

"We're pleased to continue our support of local organisations whose great work, dedication and commitment are an essential part of helping any community to thrive."

Earlier this year, Stockland also pledged a donation of \$20,000 to Good360 for flood relief to ensure that essential goods were distributed to flood-affected areas near its assets quickly and efficiently.

Stockland CARE Grants is an annual program run throughout communities located near a Stockland Retail, Residential or Retirement Living community, and provides local organisations with funding support to help them establish more cohesive, inclusive and engaging programs.
