

09 MARCH 2022

Subject M_Park Building B Tower Crane (TC1) erection
Project M_Park Building B

Dear Neighbour,

This is a courtesy letter to inform you that Hutchinson Builders will be erecting the first (TC1) of two luffing tower cranes commencing Friday 18th and continuing through to completion on Saturday 19th March 2022.

The tower crane will be commissioned on Monday 21st March 2022 and commence operation thereafter for a period of approximately eight months.

All tower crane erection activities will be contained wholly within the M_Park Building B site and will have no impact to your premise.

The tower crane is fitted with a zoning device which limits the operation and slewing to within the site the site boundary's.

The erection is weather pending and the following week is schedule as backup. The second tower crane TC2 is forecast for erection 25th March 2022 weather permitting.

If you have any queries or wish to know more about the tower cranes, please contact the undersigned.
