

Stockland M_Park

Complaints Register April 2022

As a condition of the State Significant Development SSD-10467 approval, determined on 28 May 2021, Stockland is required to keep a record of all complaints received about the project.

Aligning with the conditions of the approval, the Complaints Register will be updated monthly and made publicly available via Stockland's website.

M_Park maintains a community phone number as well as a dedicated project email address. Through either the phone number or project email address, members of the community and stakeholders can find out more about the project and lodge feedback or complaints.
