

21/01/22

**11 - 17 Khartoum Road M-Park 'Building A' Construction Works
Tower Crane Erection**

Dear Neighbour,

Please be advised that Taylor Construction Group / Resolution Rigging Services will be erecting the project tower crane on Tuesday 25th January 2022. Works are scheduled to commence at 04:00am and will be complete by 21:00pm.

The sequence of events will be as follows:

- Traffic control will be established on Khartoum Road. Both lanes of traffic remain open but the southern footpath adjacent to site will be closed.
- Two bus stops (westbound and eastbound) will be closed, and pedestrians will be directed to alternative bus stop locations.
- Once traffic control is established a mobile crane will be setup within the westbound lane and footpath of Khartoum Road.
- Once the mobile crane is setup, all tower crane sections will be progressively lifted from the westbound lane of Khartoum Road under strict supervision of Taylor Construction Group and Resolution Rigging Services.
- Once all lifting operations have been carried out all traffic control measures will be removed and the pedestrian footpath and bus stops will be reopened.

All activities have been agreed with City of Ryde Council.

If you have any questions please contact me on the number below.

Yours faithfully,

Ian Short

Project Manager
