HOW TO: NAIL THAT SUN-KISSED SUMMER LOOK

*Wish you could get that European summer glow but don't want to spend hours in the sun?
Nail these four basic steps and you'll be looking radiant in no time.*

STEPS TO CLEAR SKIN:
BEAUTIFUL, FRESH SKIN DOESN'T HAVE TO BE ELUSIVE. A GREAT SKINCARE RANGE SUITED TO YOUR SKIN TYPE, IS THE BEST PLACE TO START.

THE ESSENTIAL MOISTURISER:
PROTECTING YOUR SKIN FROM THE HARSH AUSTRALIAN SUN IS VITAL. CHOOSE A MOISTURISER WITH A MINIMUM 15+ PROTECTION.

GET READY TO GLOW:
CHOOSE PRODUCTS IN RICH, EARTHY TONES AND DON'T BE SCARED OF A LITTLE SHIMMER. DEFINE YOUR BROWS AND MAKE THOSE CHEEKBONES STAND OUT WITH A BRONZER AND HIGHLIGHTER.

GLITTER BUG: COMPLETE ANY SUMMER ENSEMBLE WITH GOLD GLITTER NAILS COURTESY OF PEARL NAILS OR L'AMOUR NAILS. IF YOU'D LIKE TO KEEP THINGS A BIT MORE LOW KEY, OPT FOR A NEUTRAL COLOUR FOR YOUR BASE, THEN ADD GLITTER POLISH TO YOUR RING FINGERS AS AN ACCENT NAIL.

OUR LUSTWORTHY GUIDE TO GLORIOUS TRESSES

Shiny, healthy hair is a woman's best accessory. When it behaves, that is. There are a few simple tricks you can employ to ensure your locks are always looking their best. When it comes to repairing brittle, damaged hair, it's important to treat it kindly. A good conditioning and strengthening mask will work wonders. The L'Oréal Paris Botanicals Coriander Strength Cure Masque from **Priceline** is a great option. If you're fighting a losing battle with that oily scalp, there's a few simple tricks to help combat this, and transform your hair into killer summer waves. Over-washing actually

strips your hair of its natural oils, forcing your scalp to go into oil production overload. Skipping a day in between washes will help to slow down oil production and leave you with a healthier mane. Rock your second day curls with a quick tidy up courtesy of a defining clay. A product like the Matrix Beach Clay from **Price Attack** will have you loving the undone look. To add volume to fine, limp hair and make your curls last the distance, try styling on dirty hair. Freshly-washed locks don't hold as well. Start by using a heat protectant spray, and then using a curling wand, curl the hair at a 45 degree angle

away from the face. Allow the curls to cool before rushing out loosely with your fingers. Apply a small amount of texturing paste to your fingertips and work into the roots to give the illusion of fuller, thicker locks. Finish with a sea salt spray and scrunch through the mid-lengths to ends to create body and movement. Don't let the sun, sand and sea get the best of your hair. If you're after a completely new do for the sunnier seasons, leave it to the experts at **Christiane's Hair Designs**, **Price Attack**, **Just Cuts**, **Beautiful Hair** or **Chops Hair Bar** to create your summer style.

Home Hacks from Karlie & Will

What are the most important elements of a great bedroom?

The bedroom has to be your retreat. A room in your home where you can close the door and feel relaxed. Think of creature comforts, for example scented candles, soft throws and some greenery. Our hot tip is to also invest in an amazing bed, however it does make it hard to get up in the morning!

Is there one fool-proof principle you could recommend to those who haven't dabbled in renovations before?

We get asked this question all the time and we believe there are only a few important steps to follow. The key to renovating is appropriate planning and budgeting! Don't bite off more than you can chew and choose good quality trades. Make sure you get multiple quotes also, because no one likes to pay more money than they have to!

How do you go about putting together a mood board for a space?

Sometimes one key piece of inspiration is all you need. Whether it is a kick-ass piece of furniture or a bold colour scheme, you can use this initial vision and build upon it to create a beautiful mood board and translate it into an amazing space.

What are your top tips for renovating on a budget?

Do your research! Don't set yourself up to fail, getting multiple quotes will give you an idea of a realistic budget you can stick to.

How has life changed for the two of you since winning The Block?

Life has been fantastic since The Block. In April we had our amazing wedding in Byron Bay which turned out to be perfect. We are loving being back to our old lives working, renovating, socialising with friends and family and looking after our gorgeous fur baby Rosie.

ESCAPE TO THE BEACH

Dreaming of a beachside escape? A good summer holiday is something most people look forward to all year. So sit back, relax and unwind in peace.

BYRON BAY

The perfect destination to rejuvenate the mind, body and soul, Byron Bay is home to great food, picturesque beaches and tranquil spas. For the ultimate retreat, stay at The Byron at Byron. You won't be disappointed. The team at **Flight Centre** can organise a romantic couples' weekend for Mum and Dad; but sorry, no kids allowed. Taking a walk up to the lighthouse is a must, and try your hand at kayaking, snorkelling or scuba diving.

FRASER ISLAND

If you're lucky, you might see a whale off the coast of this World Heritage listed island. Call **Escape Travel** and book a night at the beautiful, eco-friendly Kingfisher Bay Resort, where the beach is just a short walk from your front door. Make sure to spend some time at Lake McKenzie and maybe try your luck at fishing. Check out the oh-so-insta-worthy wreck of the SS Maheno, and snap a picture in front of The Pinnacles too to ensure everyone online knows you chose the best vacay spot.

MORETON ISLAND

One of the world's largest sand islands, complete with crystal clear lakes and an abundance of rare wildlife – if you're looking for a new secret hideaway, Moreton Island might just be the place for you. Whether your idea of unwinding is relaxing on a sandy beach with a cocktail in hand, or the adrenaline rush of parasailing & tobogganing down sand dunes, the team at **Cruise Travel Centre** can help you put together the perfect trip to recharge your batteries.

WHITSUNDAYS

If you're after the most luxurious Whitsundays experience, you can't go past Qualia Resort on Hamilton Island. If you don't want the hassle of organising it all yourself, **Helloworld Travel** will get you sorted so you can spend all your time relaxing on the stunning beaches. Try your hand at sailing (champagne recommended) and check out Heart Reef for an experience you won't forget. Taking a scenic flight over the reef is the perfect way to finish your heavenly beach escape.

THE PERFECT PICNIC

There are few things better than a picnic as spring and summer approaches. Sun, perfect company, good food and the great outdoors. What could be better?

With spring on our doorsteps and summer just around the corner, now is the perfect time of year to relax in the warm weather with friends and family and indulge in a delicious picnic spread. This season, take your picnic spread to new heights with a beautiful grazing platter overflowing with fresh produce, mouthwatering antipasto, and gourmet charcuterie. Hosting a picnic involves a bit of prep, so grab a coffee from **The Green Room** to fuel you through. Start with a selection of cheese, including a mix of soft, hard and blue cheese. **Coles'** extensive range of fresh, local produce is

the best place to start. Accompany these with a fruit paste. Quince paste is a classic choice, as it pairs beautifully with blue cheese. Juicy fruits – pomegranate, mango, grapes, and berries – add a colourful pop to your spread, as well as a richness of flavor. Savoury elements like olives, nuts, sundried tomatoes, and deli meats ensure your spread is as satisfying as it is beautiful. **Woolworths'** fresh range are the perfect accompaniment to your selection. And of course, lavosh, bread and crackers are a necessary base for any grazing platter. For a sweet treat for dessert (and to keep the

kids happy), a range of tasty bites from **Cupcake Espresso** will add the final touch your platter needs. For a truly dreamy picnic, bring along your finest serving plates and napery. A slate cheese board is perfect for outdoors and will definitely be put to good use. Don't forget to pack a gorgeous picnic rug to lay the foundations for your afternoon in the sunshine. Planning the perfect picnic is more than just balancing flavours – it's about creating a spread that is delicious and indulging that you can share with good company. Pop a bottle of bubbles and let the good times flow!

JUST AROUND THE CORNER

The Stockland Green Hills you know and love is transforming! As part of our \$412 million redevelopment, we are bringing you a plethora of new facilities, retail stores and dining options. There's so much to be excited about!

In September, we will celebrate the opening of brand new premium bathrooms and a divine new Parents Room including change tables, private feeding rooms, a microwave to warm bottles and a play area for the kids. We're also bringing you disability amenities including an Adult Change Room, with a changing table and assistance lifter, to assist carers and people with a disability.

Our November opening will include a full line new Target, food court, children's play area and over 75+ specialty stores. To make sure everyone's time at Stockland Green Hills is an

enjoyable one, we have designed a dedicated Quiet Room. This will create a safe place for parents, carers and children with Autism Spectrum Disorder (ASD), and provide a calm, welcoming retreat away from the busy shopping centre.

Upon completion in mid-2018, the centre will have doubled in size to around 74,000 square metres. Get ready for a brand new David Jones department store, new 900 seat Hoyts LUX cinema, new stores and restaurants. Additionally, we are taking things up a notch with a vibrant new dining and entertainment precinct. Get your taste buds ready, this will be the biggest and best in the region!

For development updates, store information and retailer offers and events, visit the website and Facebook page.
