New amenity to come to Newport

It's an exciting time as construction of our thriving community continues with the delivery of some major amenity this year.

Construction of Newport's stunning Central Park commenced on 12 February 2018. The Park will provide a unique space for the Newport community to play, relax and meet up with friends.

The park will feature two play areas, providing separate spaces and equipment for toddler and older child play. With two custom designed shelters, BBQs and a restroom, it will be the perfect place to host a children's party or family gathering.

A central paved area will provide multiple shaded areas and space for kids to ride their bikes and scooters, and an open grass area will allow for ball games to the southern portion of the park.

Construction is anticipated to be completed by the end of May, keep an eye out for an exciting community event to celebrate the opening of the park.

Have your say in the Liveability Index Survey

*First 50 participants will receive a \$20 eGift card and every participant will enter the draw to win a \$500 RedBalloon experience voucher**

The 2018 Liveability Index Survey is now open to all Stockland Newport residents! This survey has been designed to give you, our residents, a way to tell us what you like about Newport and what you'd like to see in our community.

The results from this survey will help measure our residents satisfaction, wellbeing and happiness as well as assist us with future project planning that will help shape the future of Newport.

We are always working to make our residents lives even happier – and that's why we value your feedback. What are you waiting for? Head to 9to have your say. It will only take 10 minutes of your time. Survey closes 12 March 2018.

*Prize is a \$500 RedBalloon gift card. Entries close 12/03/2018 at 5pm (AEDT). Only one winner per state (QLD, WA, VIC, NSW). Total of four winners as part of the competition. Visit Stocklandliveability.com.au for full terms and conditions.

Newport retail approval

We're excited to announce that the Commercial Centre has been approved by Council. The future marketplace will be a vibrant waterfront place for locals to meet, socialise, shop, dine and relax. It is proposed to include a community-based club, local dining choices and a fresh food market. We will be able to share more details with you shortly, it is looking very exciting and will be a welcomed additional amenity for Newport.

First phase of lake on schedule for completion in October

Newport is truly taking shape as we create new landmarks and places that ultimately all of Newport will enjoy, including a 22-hectare non-tidal lake.

The first phase of the lake is scheduled for completion in October 2018 when the lake will be filled with sea water.

Ultimately the lake will be 22-hectares, that's 2,000,000 cubic metres of earth equating to 2 billion litres of water.

The lake will be 14 metres deep to allow for deep water, high mast access in and out of the lake facilitated by a lock. It will also feature two shared use zones for light paddle craft.

FUN FACTS ABOUT THE LAKE

- Equivalent to approximately 1,000 Olympic swimming pools in total volume.
- Every day, we are removing more than 2 Olympic swimming pools of earth.
- Typically we have 60 machines and 160 personnel on site at any given time.

Nautical-themed park coming to Newport

Exciting plans are underway to develop a nautical-themed playground, including plaza and art installation, at our major Lakeside Park. Construction will commence later in the year. This park will be the centerpiece of Newport's open space network.

A large multi-element playground will provide a wide range of play experiences for children of all ages and abilities, and will include a 10m tall play tower in the form of a yachts spinnaker providing expansive views over the lake and bay.

A plaza positioned centrally in the park will feature public art pieces and interactive water features which will be illuminated at night. Broad turf areas gently sloping down to the lake edge will provide ample space for community gatherings and an ideal spot for future community events.

Getting behind our locals

Do you, your friends or family belong to a local club, society or association that could achieve even more with some extra funding? As part of our ongoing commitment to creating communities that thrive, we are delighted to announce that the Stockland CARE Grants Program will provide individual grants of up to \$1,000. Organisations that support the local community in the areas of health, education, community connection, carbon & energy, biodiversity, waste and materials and water are welcome to apply.

Applications are now open and close on 23 March 2018. For more information, visit stockland.com.au/caregrants
