

# Minta

### Welcome to Minta

### 9 compelling reasons to make Minta your place

### 1. The desired Berwick address

At Minta, your home will carry the value of a desired address in the suburb of Berwick. With a history spanning more than 150 years, some of the character of Berwick's original township has been retained in established areas along High Street. Berwick has developed a positive reputation over the years making it a desired suburb to call home.

### 2. A place you will be proud to call home

Homes at Minta will benefit from a verge and landscape maintenance program as part of the owners' corporation arrangement for Minta residents. That way, you can have confidence that you'll live on a beautifully presented street. The landscape maintenance program also means that rather than spending time on your verge, you'll gain that time back to live life your way.

### 3. A social community

By empowering the community with the right social events and infrastructure, people will be using spaces in the community around-the-clock. This could be through a calendar of community events, public gathering places and dedicated pop-up and retail spaces. A more active community can help residents feel safer and feel more connected with one another.

### 4. An enchanting landscape

On the eastern boundary of Minta there are over 22 hectares of conservation area, drainage reserve, tree reserve and public open spaces with tranquil lakes surrounded by natural fauna and native birds. So whether it's for your routine morning jog, or a twilight stroll in the evening, future pathways around the lake will invite you to this peaceful escape from your daily grind. Minta's undulating landscape also means you could take advantage of views from your new home.

### 5. A place that is connected

Located on the south side of the Princes Freeway, Minta residents can head straight to the Melbourne CBD with current access via Clyde Road, or the future freeway access point on the community's northern boundary. For public transport users, the existing Beaconsfield train station is 3.5 km from Minta.

### 6. A sustainable way of life

At Minta, the future looks bright. Solar power will be added to selected homes at Minta to reduce our carbon footprint, and reduce energy bills for residents. There are also walking trails, cycling paths and a range of innovative technologies to encourage a sustainable community.

### 7. A place to stay fit and healthy

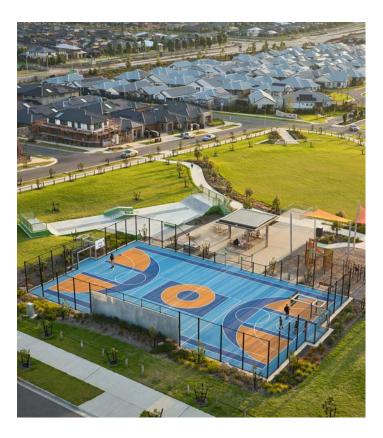

With its major park on the hilltop, multiple smaller reserves and green spaces and considered masterplan design to ensure connected pedestrian and cycleways throughout the community, there are plenty of spaces to help you stay fit and active at Minta. Additionally, our free Live Life Get Active weekly fitness classes at Hilltop Park allow residents to focus on their well-being all year round.

### 8. Future employment and retail precinct

The proposed plan for the employment and retail precinct is to create a large mixed-use destination surrounding the Minta community. This neighbouring precinct is anticipated to generate over 10,000 new jobs, and is proposed to include an activated retail main street, landmark buildings, town square, small business and dedicated commercial areas, all linked by linear green spaces, footpaths and shared pathways, to help create a strong sense of community.

### 9. A range of living options

With traditional land lots, house & land packages and townhomes, Minta has something for everyone. Our brand new Display Village showcases the latest building designs from some of Victoria's best builders so you can get a sense of the home and space you want to live in. The Minta Sales & Information Centre is the best place for you to explore all the options available to you. The team is always happy to help.

## Masterplan

### 🚯 Sales & Information Centre
