# Your new home – as easy as 1,2,3

1.

Come along to our sales suite and choose from the range of homes available. To secure your home, you will just need to pay a deposit of the purchase price when you sign your contract.

2.

As our expert builders work to turn your dream home into a reality, we'll keep you informed on the build progress along the way.

3.

Upon settlement of your new home, you'll pay the remainder of the purchase price, and move right in!

## Your new turnkey home is waiting

Buying the brand new home of your dreams has never been simpler with our new completed homes. How good does a single contract, at a fixed price and a faster build to move-in period sound? Let us do the heavy lifting, with landscaping, gardens, driveway, fences, clothesline, letterbox, carpets, lighting and more, all included. All you need to do is turn the key to your new home on move-in day.

# Completed Homes FAQ

**1. What is a turnkey package?**

A turnkey package is a new home sold as a complete package for a fixed price, in a single contract. Ultimately, the package means your home is ready for you to 'turn the key' and move in straight away (once the build has been completed).

**2. When is construction scheduled to commence?**

House construction is already underway, having commenced in February 2020.

**3. When will the homes be ready to move into?**

Lots 2852 and 3014 are expected to be ready for settlement between September and November 2020. Lots 5389, 5391, 5520 and 5735 are expected to be ready for settlement between October and December 2020. However, it is very important that you are aware that due to the nature of construction, timeframes are hard to predict and can change as a result of things like weather. We will keep you up to date on how construction is tracking and provide you with the best estimate for your settlement date. Please note that all information we give you in relation to estimated settlement is indicative only and is based on the information available to Stockland at 25 February 2020. Customers should refer to the completion date, sunset date (and provisions concerning any extensions to these dates) in the contract for sale.

**4. Has a builder been appointed?**

Yes. The builder for the Elara homes is Elderton Homes.

**5. Do you have DA/CDC approval?**

Yes.

**6. What is included in the package?**

For a full list of inclusions, visit page 9.

**7. Are progress payments required while my home is built?**

No. The balance purchase price (together with adjustments for Council and water rates) are payable on settlement.

**8. Are any upgrades available?**

No.

**9. Are homes Torrens Title?**

Yes. The homes are 'ordinary' Torrens Title, meaning they are not part of a strata or community title scheme.

**10. Can I get a copy of the landscape plan for my home?**

Detailed landscape plans are only done by the builder in the latter stages of design, and are currently not available. Rest assured however – landscaping is fully included, including fencing (to the rear and side boundary), and planting.

**11. Can I inspect my property?**

While your new home is under construction, it remains a construction site and it is unsafe for you to inspect. Stockland will keep you updated on progress throughout construction. You will have an opportunity to inspect your home at a pre-settlement inspection that we will arrange with you before settlement.

**12. What if there are defects after I settle?**

You will have an opportunity at your pre-settlement inspection and within 90 days after settlement to identify any defects and bring them to the attention of the builder (and to inform Stockland). The builder will fix defects once the 90 day contractual period expires and you will continue to have the statutory protections in relation to the fixing of major (or other) defects within the time frames set out in the NSW Home Building Act.
