## Your new playground is underway!

In August, we celebrated the start of construction on a \$3.2 million all-inclusive, water-themed playground.

Designed with the Touched By Olivia Foundation, Blacktown City Council and Marsden Park Primary School, Livvi's Place Elara will ensure children and carers of all abilities can play together.

On completion, the new 7,400m<sup>2</sup> playground will feature a water play zone, along with a range of equipment for active, social, sensory and educational play.

Richard Rhydderch, General Manager NSW Residential Communities, said: "We are committed to creating vibrant and liveable communities for everyone, and it's great to get started on bringing to life what will be a truly inclusive, fun space for families as our Elara community grows".

Livvi's Place Elara is expected to open in 2019.

## Having troubles with dumped rubbish?

Once a lot has settled, it is the responsibility of the land owner to ensure the upkeep is maintained. Being an active construction zone, dumping has been an ongoing issue at Elara and we highly recommend that you install temporary fencing as soon as possible. Doing so will assist in preventing any illegal dumping or unauthorised access to your lot. If you do happen to witness any illegal dumping, either on your lot or another lot, we would really appreciate your help by reporting this to Blacktown Council. To lodge a report, please visit their website [blacktown.nsw.gov.au](http://blacktown.nsw.gov.au). Thank you for helping to keep Elara a clean and safe environment for the community.

For any concerns please contact our friendly Customer Care team at [customer care@stockland.com.au](mailto:customer care@stockland.com.au) or call **13 52 63**.
