# Good education is the key to success

*At Elara we believe that education is its own reward and we aim to provide our residents with the best choice of educational facilities, right here in our community. St Luke's Catholic College is already open and will grow to be a complete K-12 school by 2020. There are also plans for a proposed state primary school within the community and a proposed childcare centre, which means all your education needs are taken care of at Elara.*

The proposed Elara Community Centre<sup>^</sup> will provide additional opportunities for learning, with services such as mums and bubs meetings, cooking and nutrition classes, gardening workshops and more. Elara is also surrounded by quality public and private schools, giving you a wide range of choice when it comes to deciding on your child's future educational needs.
