Good education is the key to success

At Willowdale we believe that education is its own reward and we aim to provide our residents with easy access to educational facilities, with a proposed state primary school and proposed childcare facility right here in our community.

The new Willowdale Community Place is now open and will provide additional opportunities for learning, with services such as parent meetings, cooking and nutrition classes, gardening workshops and more. Willowdale is also surrounded by numerous public and private schools, giving you a wide range of choice when it comes to deciding your child's future.
