The Aura park network has something for everyone.

At Aura, we are working to have a park within 400 metres of each and every home. The Aura park trail is ever-growing and currently features a network of 16 uniquely themed interconnected parks located throughout the community.

Through careful thought and design we are creating outdoor spaces where children and adults can gather together to relax, chat and play.

Aura's parks are connected by the cycling veloway and walking paths, ensuring all residents can fully embrace their weekends with adventure, fun and exercise
