Park currently under construction.

Family fun ahoy for park opening

Celebrate in nautical theme as we officially launch Newport's latest park in May.

Everyone is welcome to join in the fun at Newport's latest park opening event, located on Lakeview Promenade. Climb the 10 metre high playground tower and soak in the beautiful views or check out the lake aboard a paddle craft.

Enjoy live music, lucky door prizes, a treasure hunt, face painting and a wealth of entertainment for the kids.

The park will feature a custom designed playground and interactive water features illuminated at night to provide a spectacular display.

Public access to Newport's new 22-hectare lake is also available from the new park, for activities such as paddle boarding and kayaking and it provides an excellent space for social gatherings and barbeques.

Keep an eye out for more details coming soon.

Live Life Get Active classes in full swing

Free outdoor fitness sessions to help Newport residents get fit and make new friends at the same time are back in full swing.

Locals and visitors from the surrounding area are invited to join in the Live Life Get Active program, which offers week day 45-minute sessions of boxing, cross training and yoga.

Participants are also able to access handy information on health and nutrition, with easy-to-follow video recipes making healthy meal preparation fun and simple.

The classes will be held each weekday from 6.15am to 7am during the school term in Newport Park, located at the corner of Griffith Road and Lionheart Crescent. Classes have a variety of exercises and provide the opportunity to meet other residents in a welcoming environment.

Live Life Get Active sessions improve the fitness, health and happiness of communities across Australia and have been designed to be fun and suitable for people of all ages and fitness levels.

Anyone interested in taking part in the program at Newport can register online at www.livelifeggetactive.com and start booking sessions.

New lock complete

Boats including high-mast yachts are now able to move between Newport's new lake and Moreton Bay, with Stockland completing the finishing touches on the lake's lock for the use of residents.

The lock caters for vessels up to 18 metres in length and 5.5 metres in width and is operated by a user-friendly swipe-card system.

Residents recently attended an information and demonstration session at the lock. If you are a lakefront customer and missed this opportunity, please contact the sales office for more information.

Resort-style Retirement comes to Newport

Take a sneak peek at the luxurious lifestyle on offer at Newport Retirement Living with the opening of our display apartment.

The exciting new vertical retirement village is taking retirement to a whole new level with 125 low-maintenance apartments designed to allow retirees to upsize their quality of life.

Newport Retirement Living will feature stunning views of the lake and bay, central tropical gardens, a wellness hub with a gym and pool, barbecue entertainment area, bar, billiards room and library, set in the heart of the vibrant Newport community serviced by future cafes, shops, entertainment options and leafy foreshore parks.

With the roof already on and kitchen fitouts on the first two levels completed, the community is getting ready to welcome its first residents later this year.

Families can get a feel for the resort-style ambience and modern, architecturally-designed apartments at the new display apartment, which is open daily from 10am to 4pm.

Newport Retirement Living. Artists impression only. Subject to change.

New townhomes to offer a stunning range of options

An exciting new range of townhomes at Newport will offer an outstanding blend of affordable, quality living options in a convenient location.

With easy access to all that Newport has to offer along with the bayside's relaxed coastal lifestyle, the mix of three and four bedroom townhomes will deliver stylish, low maintenance living.

Five stunning floorplans are available and buyers will have a variety of configurations to choose from, along with urban or parkland outlooks.

Off-the-plan sales will commence mid-year, followed by the start of construction in the second half of the year.
