

My place this autumn

Progress on Mainview Reserve

We'd like to thank you for your patience on the delivery of Mainview Reserve. We have further updates we would like to share.

It's great to see so many Allura residents taking advantage of the facilities at Mainview reserve, including the playground and dog park. Council are progressing well on the construction of the pavilion.

This pavillion will include a social gathering area, kitchen, change rooms, storage, umpires rooms and public toilets.

The pavillion has been designed to oversee both ovals and provide the facilities to maximise use of the reserve.

Industry shortages have resulted in our landscape team unable to find enough topsoil for council's approval of the ovals. This combined with the winter weather will mean the turf will have to wait to be laid until it is warmer.

At this time, the ovals are expected to be ready by summertime. Stockland apologises for these delays, we are working closely with our contractors and council to resolve this as soon as possible.

School Site at Allura

The site earmarked at Allura for a future school is now going through the first steps for the formal land transfer process.

This process will happen between Stockland and the Department of Education.

Connecting Allura's roads

Allura's roads are a priority to ensure that residents are able to access each part of the community, and major transport networks.

Works are progressing on the intersection of Forsyth and Leakes Roads. Works have also started on Forsyth Road. Construction work on both areas is expected to be complete by mid-winter.

Doherty's Creek North

Construction continues along Doherty's Creek, to become a tranquil, natural environment for residents.

Some minor fencing is required where the creek passes under the intersection of Forsyth and Elmhurst Roads. Once this is complete, civil works will be finished. Landscaping on the creek is underway, and anticipated to be complete in the next two months.

Woolworths Update

Woolworths has advised Stockland that they are working towards an opening of the centre in 2018 however further updates will be provided as they are communicated.

Follow us on Facebook to receive updates on what's happening around your community.

We thrive on fostering community spirit and encouraging all residents to connect with each other and their local community.

Our Link & Learn West Facebook page hosts the Stockland events program and gives people the opportunity to make new friends in a safe, supportive environment.

Eclipse Child Care Centre

Eclipse Childcare is coming soon to Allura!

The developer of the centre has advised Stockland that construction will begin on the exciting new facility soon.

You can find out more about Eclipse Early Learning Centres and their other locations on their website:

<http://www.eeeg.com.au/>

Corner of Forsyth and Leakes Roads

An external developer submitted a planning permit application for this parcel of land in Stage 33, in March 2017.

Proposed uses include a service station, medical centre, child care centre, convenience shop, convenience restaurant, food and drink premises, construction of buildings and works and a subdivision into two lots.

If you'd like further details on this application, contact Wyndham City Council and quote the planning permit application: WYP9756/16.

Link & Learn brings Live Life Get Active to Allura

Link & Learn is Stockland's community program of events and activities that encourages residents to connect with each other and their local community. It gives you the chance to make new friends and develop new skills in a setting that celebrates your new community.

Link & Learn has brought Live Life Get Active, free 45 minute group fitness classes, to Allura. Find them at Mainview Reserve, schooldays Mondays to Fridays 6:30am.
