

PORTER DAVIS BUILDER OFFER:

Choose a stunning Porter Davis Home and receive a free façade upgrade and discount on the home price to the total combined value of \$25,000.

TERMS AND CONDITIONS:

Discount is to be paid by way of a post contract variation.

Façade upgrade is based on the standard façade range available for each house type. Any alterations or the inclusion of additional materials to the façade e.g. stone/render, will incur costs that will need to be met by the customer. Façade upgrades are dependent on the developer's approval for each estate. If a chosen upgraded façade is not approved by the developer, a credit will not be issued in lieu of this. Another façade will need to be chosen by the customer or the offer is forfeited. If the retail price of the chosen upgraded façade is less than 10K, a credit for the balance will not be issued. The façade offer relates to façade upgrades only and is not transferable for cash or a discount on the build cost of the home. Valid on a selected number of nominated Stockland /Porter Davis H&L packages only. Please speak to a sales consultant for the list of packages offering façade upgrades.
