Construction update

Stages 1-2:

Construction of road infrastructure has commenced, with the future road network mapped out and earthworks on access ways underway. First registrations are expected in February - March 2020.

Stage 3:

Sewer and stormwater drainage services are currently in progress which will be followed by road construction. Registrations are expected in April - June 2020.

Stages 5-6:

Earthworks have commenced to ensure the ground is levelled and compacted before sewer and drainage construction begins. Registrations are expected May - July 2020.

Have your say on Minta's Park

As we commence the design of Minta's future park, we're encouraging the community to get involved. Both residents and the local community will have the ability to vote for the theme of the park. If you're not able to attend October's Future Residents Information Session, be sure to follow our Facebook page @Stockland Minta for more details in how you can have your say!

Follow us on Facebook

New to the community? Stay informed with events, community updates and local news by following @Stockland Minta on Facebook. Future residents Alex & Sheree have also set up a Facebook group called Minta Estate Residents Community Group to welcome everyone and make it easy to connect.

Your Voice

Here at Minta, your voice matters. If you have any ideas that will help shape our community, from event options to features you want in our future park, feel free to email the team minta@stockland.com.au We'd love to hear from you!
