

# Our place for community

## Construction update

### Clyde Creek:

Civil Construction for Clyde Creek has reached practical completion and the landscaping of the creek is scheduled to commence end of September. Off-site construction of the pedestrian bridge has begun, with on-site installation scheduled to start in October.

### Stage 13:

Stage 13 earthworks are currently underway. The conservation reserve within Stage 13 is in the process of having detailed design finalised before construction can commence.

### Stage 15 and 15a:

Construction is progressing well with both bulk earthworks and drainage well underway.

### Stage 7 Wetlands:

Civil construction of the wetlands has reached practical completion and landscaping is scheduled to begin later this year.

### Stage 10 Park:

Detailed design has been submitted to council and is undergoing review for approval.

## Welcome to Variety Livvi's Place

This month, we were partially able to open Edgebrook's park! Thankyou to the community for their patience during these challenging times and we hope you've enjoyed exploring *Variety Livvi's Place*.

Divided into four zones, the park has been designed for children of all abilities. Each zone tells a story that pays respect to the history of Clyde Creek and its local fauna.

Whilst using the park, we urge residents to follow government guidance around social distancing and mask-wearing. Due to current government restrictions, the BBQ facilities are not in use.

### Construction Remaining on Flight Deck Structure

You will have noticed that fencing and signage around the Flight Deck structure has been installed as of Monday 21st September to prohibit the public from accessing this structure until it is complete. As more information with regard to timelines becomes available, we will post these updates here: [www.stockland.com.au/residential/vic/edgebrook/news-and-events/edgebrook-park-september-construction-update](http://www.stockland.com.au/residential/vic/edgebrook/news-and-events/edgebrook-park-september-construction-update)
