'Newtron' the Robot at the Newhaven Robot Park - now open!

## Newhaven Robot Park - now open!

We are excited to announce that the Newhaven Robot Park is now open! In the one week since opening to the public, it has already been a very popular destination for Newhaven residents and visitors from the wider community.

A competition ran recently asking the public to suggest a name for the main Robot cubby play structure within the park. Following the review of over 300 entries, the winning name was decided on 29th July, and so our Robot's name is 'Newtron'.

Congratulations to Dylan (8) & Mitchell (6) Taylor who came up with the winning name.

The brothers have won a \$500 Stockland Shopping Centre gift card, plus a dedication plaque on the playground for their submission of the winning name.

### Robot Park Grand Opening Event - Rescheduled to 3rd September!

Unfortunately due to the wet and windy weather, and in the interest and safety of residents, the Grand Opening Event that was scheduled for 31st July was cancelled.

The good news is that we have rescheduled the Grand Opening Event to **Saturday 3rd September from 11.30am to 2.30pm.**

The event will have FREE coffee and entertainment including Junkadelic live music, make a robot workshop, Scitech exhibit, stilt walking android, face painting, food trucks and futuristic chill-out area.

RSVP via Link & Learn WA Facebook page.

## Development Update

In addition to the recent completion of the Newhaven Robot Park, the Stockland team have been busy formalising all of the community's northern connections to the existing Trails residential area along Mason Road, Grasby Way and Sweetgum Way in Piara Waters.

This will help connect newer areas with the more mature pockets within Newhaven.

We are also happy to announce the completion of the following public open space areas:

### Public Open Space 1

The open space across the road from the Stockland Harrisdale Shopping Centre, off Yellowwood Avenue and Lafayette Avenue.

### Public Open Space 4

The landscape surrounding the stream opposite the sporting field off Broadway Boulevard and Yellowwood Avenue.

### Public Open Space G

Opposite Kellogg Drive and Exeter Court.
