Before and After

Sienna Wood's Riverbend Village is taking shape

Sienna Wood has experienced its biggest year of growth yet, with 8 new residential stages located across both Hillside and Riverbend villages. These stages have created over 270 new home sites within Sienna Wood. Homes are now going up very quickly as our new residents gain their approvals. So a big welcome to all new residents!

Lannam Road Park Avenue

GREAT NEWS! In late July, Stockland received approval from the Metropolitan Redevelopment Authority (MRA) to commence construction of the Lannam Road Park Avenue.

This park is located near earlier stages of Sienna Wood, along Lannam Road which comes off Eleventh Road.

The park will include a soccer goal, public fitness equipment, paths, bins and a large grassed area - great for social gatherings or for the dog to run around.

The development team is now locking in contractors to undertake the works with the aim to have the park completed by Christmas this year. Exact timing will be communicated in the coming weeks.

The team are also working hard on plans for future parks in both Riverbend and Hillside in the newer areas of Sienna Wood.
