

Welcome to the transformation update.

Over the next few weeks, you'll start to see more changes as we progress our \$222m redevelopment to transform your Stockland Wetherill Park.

The redevelopment will see the number of specialty stores in the centre increase to around 200 and will include two major supermarkets (including a brand new Coles).

On completion, we will deliver a larger entertainment and leisure complex with an upgraded 12-screen Hoyts Cinema, additional restaurants and a brand new 800-seat food court. An outdoor restaurant precinct located along Eat Street will offer multiple dining options for all occasions.

From January 2014, you will see additional fencing erected at Wetherill Park and increased activity on site as we continue to work behind the scenes on the redevelopment.

Stockland Wetherill Park will remain open for the duration of the project, and we aim to minimise the impact and inconvenience to you, our valued customer.

Our Restaurant Precinct will take a break while we transform this area and will return in mid-2014. Please find enclosed some information relating to changes in parking and shopping centre access.

With new exciting shops and more parking than ever before, you'll be transformed by the new Stockland Wetherill Park.

Changes to car parking and how to access Hoyts, Big W and external retailers.

From early January work will progress through the main car park adjacent to Hoyts and the middle pedestrian walkway. This will result in a portion of the car park being unavailable. A fence will be erected around the areas marked in black below. Revised access to Hoyts, Big W and more is provided to the right. See details on the reverse about our **FREE** shuttle service.

We thank you for your understanding and patience while we transform your Wetherill Park.
